

Why choose OneSails

The next generation of sails™

1. Service

A core activity for every OneSails loft is providing first class service, support and assistance. As part of our service commitment, each OneSails loft has a team of experts on hand to ensure that we can deliver on our service pledge. In addition to a growing number of principle lofts, the OneSails Group has an extensive network of service centres strategically placed around the most important sailing venues of the world.

2. Exclusive technology

Since 2007 the OneSails design team have developed exclusive technologies to make one-piece continuous thread sails a reality for cruising and racing boats.

3. Performance

Features like weight, shape control and deformation resistance mean better performance compared to traditional panelled sails.

4. Quality

4T FORTE™ and M3™ membranes are exclusively made in Europe in our unique, purpose-built, facilities ensuring that stringent manufacturing standards are maintained.

5. Design

The best sail shapes are the result of continuous analysis and experience. OneSails is at the forefront of the sailmaking industry, continually investing in research and development to ensure that the very best sail shapes are available. The success of this approach is confirmed by the vast array of racing trophies OneSails clients have won, competing at National, International and World Championship level.

OneSails First Class Service

THE NEXT
GENERATION
OF SAILS™

OneSails Sail Repair & Service

Regular maintenance of your sails can double their life. A core activity for every OneSails Loft is providing first class service, support and assistance.

As part of our service commitment, each OneSails Loft has a team of experts on hand to ensure that we can deliver on our service pledge. In addition to a growing number of principle Lofts, the OneSails Group has an extensive network of service centres strategically placed around Europe's coast line.

Valeting

Sails operate in a hostile environment where salt and airborne pollutants can cause serious damage to even the best kept sails. Similarly, constant wear and tear requires careful repair and maintenance. An end of season overhaul is essential for the longevity of your sail wardrobe. Our service includes:

- Careful rinsing to remove salt
- Drying in preparation for storage
- Careful inspection and overhaul
- Alterations to improve shape (if requested)

Damage Repairs

It is important that any damage no matter how small is repaired as quickly as possible in order to prevent further damage occurring. Many repairs can be turned around in less than 24 hours.

Recuts and Retrofits

Lease of life to a 'tired' sail. Retrofit extras include UV protection, luff flattener inserts to increase the effectiveness of furling genoas, changing from hanks to luff foil groove, fully battened mainsails, etc.

Sail Storage

OneSails is happy to store your sails for you, dried, rolled or folded in a controlled environment until you are ready to have them returned. This service is free of charge by prior arrangement.

Flying doctor worldwide Service

OneSails Flying Doctor (experienced sailmaker) always ready to come onboard and solve your problems

Worldwide Service

OneSails is a truly international sailmaker with lofts and affiliates worldwide. Wherever you are and whatever your needs you can be assured of the highest standard of service and workmanship. Please ask for details of the overseas lofts.
